

The Arc of Iowa
wishes you

Happy New Year 2019

Welcome to the 2019 Legislative Session. We want to introduce ourselves. We are "The Arc of Iowa." We have been supporting the Legislature in making improvements in the lives of the 80,000 Iowans with intellectual and developmental disabilities (IDD) since 1953.

Medicaid services are critical to helping our members and their families to live successfully in Iowa. The Arc of Iowa is here to provide information and support as you deal with the complex Medicaid system and the citizens it supports. Thank You!
